

Independent Property Valuers

Tanner Hardwick has been operating since 2000. The company has established itself within the Property Valuation profession and provides services throughout South Australia specifically within the Adelaide metropolitan area. Our highly trained Valuers provide services within the real property and personal property sectors. This includes commercial, industrial, residential, development sectors, and personal property such as cars, bikes, boats, caravans and furniture. If you are in Adelaide, get your property valuation done today.

Residential Property Valuations Personal Property Valuations Commercial Property Valuations

If you're considering selling or buying property, a marriage or defacto relationship ends or someone needs to evaluate their capital gains, we come highly recommended. Residential property valuations often require a very experienced and professional property valuer and we provide Adelaide's best property valuation services available. House, apartment, building blocks and land can all be valued. Adelaide's number 1 property values will provide you with a comprehensive valuation in a timely manner.

So why use our services?

We have provided these valuation services to 1,000's of property owners since commencing business in 2000, and we specialize in family law, capital gains, ministerial exemption, retrospective assessment, property valuations, vehicle valuations and land development. Adelaide Property Valuers come highly recommended and our services are second to none.

Town Planning

Alongside property valuations, our company also provides an in house list town planning service, specializing in non complying development application. Our town planners have many years' experience in senior management with local government authorities and appreciate the complexities associated with development approval. If you have any questions regarding your properties market price, or potential legal use,

contact

us.
