

About Al Adel Auto Doors!

We are Expertise in All kinds of Security System , sliding doors and gates with more than 10 years experience in UAE. We are Using only the products imported from MNC

We offer a wide range of products from Automatic Sliding Gates Doors to Automatic Rolling Shutters, Sectional & Swing Automatic Doors, and Automatic Sliding Glass Doors to up and over door and car parking systems. Intercom, CCTV and Access Control.

We also provide a range of reliable and resilient parking barrier automation that provides enhanced security to a site. Our wide ranges of barriers are suitable for both high use car parks as also economical models for small sites. The automatic barriers are available with beam lengths varying from 2 to 7 meters.

AL ADEL AUTO DOORS is a company of BENINCA GROUP specialized in the production of systems able to respond to the ever increasing demands in terms of security of residential, public or commercial environments. The AL ADEL AUTO DOORS range includes bollards for traffic protection or management, pedestrian gates of various types and systems for access control.

SMART MOVING for the company is therefore not only a pay-off, but a promise of reliability that is reflected in the study and continuous research of innovative solutions that can improve the mobility of people and things in various daily contexts.

BENINCA

Swing Gate - BOB50

**Swing gates automation
motorgear designed with high
quality materials.**

Patented gears and a solid metal mechanic make BOB a true reference point for big size residential swing gates automations.

BOB is available in 230Vac (BOB50M) or 24Vdc (BOB5024E), both versions equipped with encoder.

This device ensures maximum safety and precision during the gate operation.

BOB5024E can operate even in case of power failure through battery pack.

Energy Efficient

Easy to Maintain

Long Lasting Performance

Swing Gate Accessories

Photo cells In UAE

Adel Auto Doors is Having stock for the accessories like

photo cells, flashing lights, remotes etc which are inevitable for a sliding gate system. The main attraction of the company is that we deal directly with the manufacturer and adelsutodoors have good track record and experience in this field in UAE for the past 10 years.
