Décor Viz System is one of the leading office solutions providers that offer stylish, ergonomic yet economical products to both the office and home users. We believe ergonomics should enhance the work and living space where you experience the highest quality of life. Products sold under the Décor Viz System brandname are developed in response to the growing needs of specific user groups in terms of pricing, function and flexibility. This underlies our philosophy – constantly striving to meet

new the ever-increasing demands expected of office furniture by working with major corporate clients. We are proud of our cherished tradition of commitment and reliability to our clients.

The nature and duration of a furniture supply contract makes the choice of a company with a solid customer and after-sales service an imperative and prudent one. DVS is endowed with a dynamic and capable management, sales and projects team with proven experience in handling both small and large scale multi-million dollar projects.

Besides sales of Office System Furniture, we also provide the following services:

- Planning and implementation of reconfigurations
- Project management of reconfigurations and installations of new furniture
- Storage of excess furniture for clients
- Repair and renovation of old furniture
- Dismantling and transporting your furniture to another location and re-installing them
- Total renovation of offices together with consortium members

Last but not least, we wish to emphasize our commitment to the all-important area of after-sales service. While our products feature durability and ease of maintenance, we also give due consideration to the areas like product warranty, availability of replacement components, stocking and delivery programs for additional orders, facility management, etc.
